## Between energy crisis and Green Deal: What should companies prepare for?

### Programme

**Welcome – Keynotes – Panel discussion –  
Followed by reception with buffet & networking**

Registration starts at 17:30 hrs.

### When and Where

**Wednesday, 30 November 2022, 18:00 - 22:00**

Representation of the Free State of Bavaria to the EU  
Rue Wiertz 77, 1000 Brussels

Energy saving targets, revenue caps, solidarity contribution: Is the EU emergency package sufficient to secure energy supply, prevent the European economy from price-driven loss of competitiveness and keep up to the Green Deal goals? Are more fundamental or different adjustments required – to EU state aid law or the design of the internal energy market?

We will discuss previous measures, their implementation status as well as the current situation and needs of local enterprises with experts from industry, politics and science.
